

Coalition of Lifelong Learning Organizations

The World of Lifelong Learning

With adult and continuing education's critical and growing importance in the United States and around the world, COLLO brings organizations together to improve adult learning services here and abroad. It acts to increase the visibility of and address lifelong learning benefits, practices and challenges.

Access Wherever You Live and Work

COLLO's symposia are web based which enables you to access them from anywhere using Skype and web meeting.

Opportunities to Connect

Rarely do we have the opportunity to dialogue with colleagues in other countries. COLLO facilitates national and global networking among adult educators.

COLLO's annual symposia provide that opportunity bringing via virtual linkage colleagues to share their work. Recent topics include:

- **UN Sustainable Development Goals**
- **North America Regional Consultation on Rethinking Education**
- **Prior Learning Assessment and Recognition**

About COLLO

- COLLO was established in 1973 to provide a forum for, as the name implies, creating a coalition of organizations that have lifelong learning as a core facet of their work
- A champion of the Educate & Elevate Campaign led by the Coalition on Adult Basic Education (COABE) and National Council of State Directors of Adult Education (NCSDAE), COLLO has joined COABE as a Strand Partner of its 2018 Annual Conference.

COLLO Members

COLLO members are national and state groups and organizations that share a common interest in enhancing the field of lifelong learning.
